

## Welcome to the Academic Year 2007-2008

Dear Parent/Guardian,

Salaamun Alaykum.

The ABIC Madrasah Administration would like to take this opportunity to welcome you, and your children back to the Madrasah for another academic year. For those who are new to our community, we would like to extend a special welcome. We hope you have had an enjoyable and relaxing summer and are ready to make a fresh start.

The year ahead will be filled with many challenges, for us as the Administration and for you as parents. It is our belief that we are working together as partners in educating our children to become better individuals. Moreover this education is the most important type of education – Islamic Education.

As partners, we have the same goal at heart; the advancement and success of the children of the community. We have no doubt that we can not only achieve our goal but surpass it as well, by working together.

The primary role of the Madrasah is to share the parent's responsibilities of providing religious education to their children and supplying an atmosphere where a child can learn Islamic values and understand his/her Islamic duties. The onus to provide an atmosphere where the child can live by the 'Shariah' is and will always remain the responsibility of the parents.

During the course of the year, if there are any concerns or comments that you have, you may bring them to our attention. Your opinion and involvement is very important to us. In addition, we have enclosed the Madrasah Handbook as a guideline covering various Administrative aspects of the Madrasah.

The Handbook is to be read in its entirety by the parent/guardian.

We hope that together – we, you and your children - can make this Madrasah year rewarding and fulfilling.

Thank you for your anticipated co-operation.

Wassalaam.
