2007-2008

Name: _____

Class: _____

HOW TO USE THIS JOURNAL

The Madrasah Journal contains the following main sections:

- Rules and Regulations
- Academic Calendar
- Weekly Journal for the Year

Rules and Regulations

This page contains a summary of Student Responsibilities, General Rules, Dress Code and Class Timings. Students must be familiar with their responsibilities and the general rules laid out in this section.

Weekly Journal for the Year

Previous Madrasah students should be familiar with this section. Students are required to record in their journal what they are taught each week and any assigned homework. Parents should take the time to discuss with their children what has been taught each week and to ensure all assigned homework has been completed. Parents need to sign all sections of the journal to indicate that children have completed the assigned work. This will also help them track and monitor their children's academic progress. Teachers should randomly review the journal to ensure that it is being completed and signed by the parents. Teachers should follow up with parents for any variances. Teachers for Level 6 and higher can exercise their discretion on how the journal is to be used.

Please view the Madrasah Handbook for more detail.
